

Fishing Rules for Sage Creek Canyon POA

1. Blue River is limited to barbless lures and flies only and is catch-and-release only. All fish must be returned to water unharmed immediately, using good trout release practices.
2. Access to the river is located at both ends of the subdivision. Before traversing private lots for access, approval is required from that property owner, for each instance.
3. Each owner is responsible for ensuring that their guests adhere to all rules.
4. Each owner and guest will agree to not receive any compensation in exchange for use of fishing resources, exclusive to Sage Creek Canyon POA.

Friendly Reminders on Being a Good Neighbor and Responsible River Recreator

1. Respect the river and the ecology of the river. Please no more than two fishing in the same hole. Everyone needs to be wearing a badge, and there is a maximum of four badges per household. Please no fishing the same hole for long periods of time. This keeps our fish healthy and happy.
2. Please remember to pick up after yourself. Pack in, pack out.
3. Please remember to respect the property owner's private property.
